## FOR IMMEDIATE RELEASE

### Caltrans to Repair Storm-Damaged Section of State Highway 1

**Sea Ranch** – Beginning September 12, Caltrans will begin a storm-repair project along a segment of State Route 1, just north of Deer Trail near the community of Sea Ranch.

The past winter's heavy storms have caused portions of the ground beneath the roadway to loosen, and have also left the hillside above the roadway susceptible to rock and mud slides.

In order to conduct the repairs, Caltrans will institute one-way traffic control during weekdays. The project is expected to last about two to three weeks.
